

The screenshot displays a patent search interface. On the left, a list of patent entries is shown, each with a number, a checkbox, and a brief description. The entries are numbered 1887 through 1896. The entry for 1896 is highlighted. On the right, a detailed view of the selected patent (1896) is shown. It includes a title, a list of keywords, and a list of references. The title is "monopropyl adj ether". The keywords are "monopropyl", "adj", "ether", "monomethyl", "propylene", "glycol", "dimethyl", "diethyl", "water soluble", "pressure sensitive", "adhesive", "comp", "oil-based", "ink", "contg", "oil-soluble", "dye", "solve", "polymerisation", "process", "Aq", "ink", "for", "ball-point", "pen", "contains", "benzylid", "Aq", "aerosol", "paint", "composn", "contg", "a", "resi", "Granular", "agricultural", "chemicals", "prepn", "bv", "m", "Preventing", "precipitation", "in", "agricu", "Disinfectant", "dry", "cleaning", "compositions", "o". The references are listed as "JP 56155942", "JP 56070547", "JP 56070077", "JP 56047462", "JP 54110288", "JP 54098826", "JP 54023640", "JP 52110832", "JP 52054022", and "GB 1114047".

Patent No.	Document ID	Issue Date	Pages	Title	Current OR	Current XR	Retrieval	Inventor	S	C	P
1887	JP 56155942	19811202	3	Pattern formation - by coating resist on base							
1888	JP 56070547	19810612	3	Forming fine pattern negative resist - bv co							
1889	JP 56070077	19810611	6	Water soluble, pressure sensitive adhesive comp							
1890	JP 56047462	19810430	5	Oil-based ink contg. oil-soluble dye - solve							
1891	JP 54110288	19790829	6	Propylene polymerisation process							
1892	JP 54098826	19790804	6	Aq. ink for ball-point pen - contains benzylid							
1893	JP 54023640	19790222	6	Aq. aerosol paint composn - contg. a resi							
1894	JP 52110832	19770917	5	Granular agricultural chemicals prepn - bv m							
1895	JP 52054022	19770502	3	Preventing precipitation in agricu							
1896	GB 1114047	N/A	2	Disinfectant dry cleaning compositions o							

**Patent Details (1896):**

**Title:** monopropyl adj ether

**Keywords:** monopropyl, adj, ether, monomethyl, propylene, glycol, dimethyl, diethyl, water soluble, pressure sensitive, adhesive, comp, oil-based, ink, contg, oil-soluble, dye, solve, polymerisation, process, Aq, ink, for, ball-point, pen, contains, benzylid, Aq, aerosol, paint, composn, contg, a, resi, Granular, agricultural, chemicals, prepn, bv, m, Preventing, precipitation, in, agricu, Disinfectant, dry, cleaning, compositions, o
